Subject: Testimonial

The Bavarian Beer Garden Band recently performed for our Windermere Oktoberfest Client Event. Wow! They exceeded our expectations and delighted our Brokers and their Clients with their highly interactive show.

Each musician is very talented and the music ranges from typical Oktoberfest music to popular dance music and ended with a show stopping "Blues Brothers" act that rocked the house. They also put together some great contests including a "Chicken Dance", organized a group "polka dance" and Greg (accordion) strolled through the audience bringing everybody into the act.

This band has high energy and the costumes are great, too!

We already have people looking forward to next year's Oktoberfest!
