

October, 2017

The Bavarian Beer Garden Band was awesome! We celebrated the launch of new treehouses on Microsoft's campus and hired BBGB to play at our Oktoberfest inspired grand opening event. They were so entertaining! I would recommend BBGB over other Bavarian Polka bands because they are local (Seattle area), very easy to work with (Greg is super friendly and made it stress free to arrange everything) and they don't just play traditional polka music – they change it up a bit with some fun tunes from artists such as The Blues Brothers and The Beatles! I would definitely hire them again for our next event. They are FANTASTIC!!
