*“This is the band you want for your Oktoberfest or Mayfest (or any kind of party for that matter). These guys know how to bring the house down. They pack the place and get everyone on their feet dancing. They read the crowd and bring energy that's fun and get you going. We love having them for our events as they are not your typical polka band. They are so much fun! Last time they played for our Oktoberfest, we had crowd calling encore three times (you would think you are at the rock concert). They are so much fun!!!”*
